

UNREIMBURSED MEDICAL FSA

The Unreimbursed Medical FSA covers out-of-pocket medical, dental and optical expenses not covered under an insurance program.

Under the Unreimbursed Medical FSA, you are able to withdraw up to your annual election at any time during the plan year upon presentation of proof of eligible expenses.

Although not all expenses are listed below, the more commonly reimbursed items are listed to assist you in determining whether or not this account would fit your family situation. If you have a question about an expense not listed, please contact our office at the toll free number listed on the cover of this booklet. ***Some expenses do require a doctor's letter stating that the treatment is medically necessary.***
